

Rules and Regulations Governing Section 18 of the Locust Hill Road Association Covenants Revised July 12, 2007

The LHRA Trustees will designate a trustee and alternate who will act as the point of contact for issues and record keeping involving the annual deer harvest program.

Individual Locust Hill Road Association (LHRA) property owners may limit the duration of hunting on their parcel.

The LHRA Trustees may reduce the ODNR permitted bow hunting period if significant problems are reported by LHRA members.

An LHRA member permitting hunting shall ensure that all hunters are competent bow hunters of good character who will abide by these “Rules and Regulations.”

It is the intent of this LHRA hunting program to reduce the deer herd. LHRA members will inform and encourage hunters on their parcels to harvest as many does as possible to achieve the herd reduction objective. The LHRA Trustees will be kept informed on the number of deer harvested.

An LHRA member who will be allowing hunting shall inform abutting LHRA members one week in advance of the start of hunting on the member’s parcel and provide the name of the hunter to the LHRA Trustees.

A record of hunters with permission to hunt on LHRA parcels will be kept on file with the LHRA Trustees.

An LHRA member, who will allow hunting, shall have the responsibility of informing the hunter of the boundaries of his property to avoid encroachment on adjoining properties.

A map showing parcels participating in the Deer Management Program will be posted in the Post Office Station during the Hunting season.

Bow hunting is not permitted on the day of the following Holidays:
Thanksgiving, Christmas and New Years Day.

A satisfactory background check shall be provided to the Trustees prior to commencement of hunting for any non-resident hunter who is not a member of an LHRA member's family.

Participants in the LHRA bow hunting program must park in the driveway of the parcel they have permission to hunt on.

The LHRA Trustees may deny hunting privileges to anyone failing to observe these Rules and Regulations.
